Career Information:

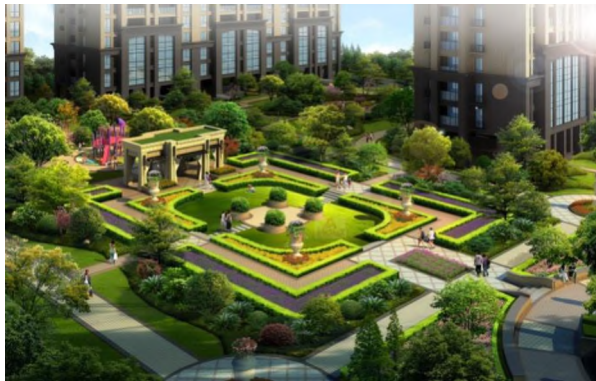

Career in Landscape Architecture:

Let us understand what landscape architecture is: Landscape architecture is now a days is very important sub branch of architecture. Landscape architecture designs parks, outdoor spaces of campuses, private homes and other open spaces,

playgrounds, gardens, industrial centers and waterfront developments.

Landscape architecture is the study and practice of designing environments (outdoors & indoors) of varying scale that encompasses elements of art, environment, architecture, engineering and sociology. Those who practice the profession of landscape architecture are called Landscape Architects/ Landscape Designer. Landscape Architect is involved in planning, design and sometimes direction of a landscape, garden, or distinct space.

Eligibility Criteria: Several Colleges and Universities offer a Bachelor's degree in Architecture (B.Arch.) and it typically takes 5 years to earn this degree. Most colleges require a minimum score of 60% in 10+2 with Physics, Chemistry and Mathematics.

Study Route:

- **Clear XII-Science stream (Physics, Chemistry, Maths)**
- **Graduation- B. Architecture/ B. Planning/ Civil Engineering**
- **Post-Graduation- (Landscape Architecture)**

Most colleges accept students on the basis of their performance in entrance exams and

respective aptitude test. Some of the most essential exams are JEE Mains, National Aptitude Test for Architecture (NATA), and Architecture Aptitude Test (AAT).

The Entrance Exams for architecture are:

JEE Main Paper 2: For admission into top NITs, SPAs, it is mandatory to appear for this exam.

NATA: The National Aptitude Test in Architecture to all other reputed state, government, and private colleges. Exam is conducted twice in a year, in April & July. Application releases in the month of January.

Work Description: Landscape Architecture combine artistic skills with knowledge of human activity and the natural environment.

Top colleges for Architecture in India:
